Agent Based Server Backup - 14 Day Retention	•	•	•	•	•
Cloud Setup and Configuration Included	•	•	•	•	•
5 Diamond Eligible Custom Design				•	•
5 User VPN Access Clients	•	•	•	•	•
Scalable Additional VPN Access Clients and Gateway			•	•	•
High Performance Storage	500GB	500GB	500GB	1TB	1TB+
Monthly reseller cost per door	R75.00	R71.00	R66.00	R62.00	R58.00

### Additional Add Ons

- Additional RAM (by the GB)
- Additional vCPU
- Additional Performance Storage (by the GB)
- High Performance Storage (by the GB)
- Backup per Server
- Basic or Premium OS Management Per Server
- Network Security Services

SAMS provides IT infrastructure solutions that ensure the 24/7/365 availability of your critical data and applications. Tailored, reliable and cost-competitive, SAMS solutions are designed to scale and adapt to your changing business needs, enabling you to increase agility, lower costs, improve performance and focus internal resources on your core competencies - all while maintaining required uptime, access and security.

## Why Choose SAMS

- Ensures 99.999% data centre uptime
- Security of customers' systems and availability of their applications and data are assured by five layers of physical data centre security  
Professional staff disciplined in best practices that include security, audit criteria and comprehensive operational and maintenance protocols
- Enterprise-class cloud infrastructure designed for business-critical data and applications
- Consultative engineer-to-engineer collaboration
- 24 hour-a-day, 365 days-a-year technical support staff to monitor and manage all aspects of IT infrastructure services
- SAMS test environment available
- SAMS cloud deployments support hundreds of virtual machines (VMs)
- Millions of transactions occur in SAMS robust cloud environment
- 17+ year operating history – 100% power SLA for zero downtime
- Thousands of national reference accounts, 90% + renewal rate
- Consistent industry-leading Score
- Centralized Command Centre and scalable solutions

## Audits, Certifications and Standards

- Audit ready to assist customers in meeting a variety of regulatory requirements and industry standards
- A dedicated compliance team who manage the SAMS governance, risk and compliance (GRC) practice, including quality assurance, legal affairs, auditing and regulatory compliance
- SAMS holds Cloud Provider Certification with multiple Cloud vendors
